[ASSOCIATED PRESS DAY REPORT.]  
CHICAGO, Jan. 14.—Rev. Louis  
Meyer of New York, field secretary of  
the Chicago Hebrew Mission, declared  
in an address yesterday that "all the  
Jews of the world will be in the United  
States within the next year if the pre-

tinues."The persecution of Jews in foreign  
countries, he said, has been driving  
them to the United States by the  
thousands. During the five years from  
1903 to 1907, inclusive, 61,974 Jewish

[ASSOCIATED PRESS DAY REPORT.]  
CHICAGO, Jan. 14.—"Suicide Bridge,"  
the lofty structure over the lagoon in  
Lincoln Park, probably will soon be  
a thing of the past, for its destruction  
is contemplated by the Lincoln Park  
board. The bridge has been made fa-  
mous by the number of persons who  
have leaped to death from its top.The commissioners say the bridge  
was built unusually high in order that  
all boats might clear it, but it is im-  
possible for it to maintain more than  
ten feet above the water level. The  
board has been made famous by the  
fact that launches have replaced these  
craft, and the unsightly structure is  
useless.AUTOMOBILE FUNERAL.

CHICAGO, Jan. 14.—Members of the

was Wilbur Prugh, who is said to have  
been the first chauffeur to operate a  
taxicab in this city. The union de-  
cided that every vehicle including the  
hearse should be an automobile.CONDUCTORS ASK SEATS.

Street Carriers' Union. It will go to  
the city railway officials. Since the new  
pay-as-you-enter cars were placed in  
operation, with their little stools for the  
motorman, the conductors have agi-  
tated for similar stools on the back  
platforms.RUNAWAY MATRON PAROLED.

## TILLMAN IN SECOND REPLY.

Contradicts Statement of the Attorney-General.

Says Meyer's Argument not Based on Truth.

Prepared for Everything, Even Assassin's Knife.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Jan. 14.—Addressing the Senate for the second time in regard to the allegations against him in connection with Oregon lands, Senator Tillman today made reply to the utterances of Atty.-Gen. Bonaparte and Postmaster-General Meyer.

He quoted the portion of Mr. Bonaparte's statement of last Monday in which the latter declared that Tillman had not told him of his desire to obtain some of the lands in question and flatly contradicted the head of the Department of Justice.

He declared that he had been entirely frank with Mr. Bonaparte and had fully explained to him his interest in those lands. He attributed the Attorney-General's attitude to a desire to "bolster up the President."

Postmaster-General Meyer was brought into the discussion because of a statement made by him regarding the investigation of the Dorr case. Mr. Tillman said that Mr. Meyer's effort to make it appear that the inquiry had been directed originally against Dorr was not based on the truth. He declared that from the first the inquiry had been directed against him (Tillman) and not against Dorr.

Mr. Tillman was also careful to bring out the fact that the land which he attempted to get was not government land, but land granted as far back as 1868 under the condition that it should be sold at \$2.50 per acre.

Mr. Tillman read a letter he had received from Atty.-Gen. Bonaparte in response to his verbal request made yesterday for information concerning the legal proceedings that had been brought by the Department of Justice against the Southern Oregon company which holds the 2,600,000 acres of timber land granted in connection with the Coos Bay wagon road.

Mr. Tillman closed with a renewal of his demand for an investigation. He said he was prepared for everything, even the knife of the assassin. Speaking of the differences of recollection between himself and Atty.-Gen. Bonaparte, he declared:

"I am ready to have my word put against his in any court in Christendom and to let the record of the House by the terms of a concurrent resolution adopted by the Senate."

Mr. Tillman asserted that he was not only dealing with President Roosevelt, but with all the Cabinet officers, because, according to the newspapers, "they are discussing me at Cabinet meetings and are determined to accomplish my ruin if possible."

"When I deal with an unscrupulous man, as I do now, I am prepared to do anything, even the assassin's knife. My mail is being held. I am satisfied of that. I will not say my room has been broken into, because there are keys that can open everything in this Capitol. They may not have stolen my papers, but they are gone."

Mr. Tillman then narrated a conversation he had over the telephone yesterday with Atty.-Gen. Bonaparte, in which he asked whether a suit had

been brought against the Southern Oregon Company, the holder of the military road grant.

"He didn't know," said Mr. Tillman. "He declared that up to this time, and after nine months, nothing had been done in response to the order of Congress to bring suit."

The fact was, said Mr. Tillman, that the Attorney-General had gone into print to bolster up the President and charged him (Tillman) with not having talked to him about this matter. He said he did not like to use the adjective called for in this case, but would let his hearers fill it in for themselves.

He referred to Postmaster-General Meyer and his statement that the President had been in possession of the facts in this case only since December 13, and characterized that as "falsehood No. 1."

Mr. Tillman announced that he had received another circular sent out by Dorr in which the following statement was made:

"Some day I shall have justice and reparation, and when that day comes, I will not be far distant, there will be a noise that will be heard around the world."

The statement of Dorr, Mr. Tillman insisted, was conclusive proof that Dorr had received the promise of Roosevelt that he would drag Tillman down as he would drag Tillman down.

Mr. Tillman wanted to know what degree of falsehood was to be charged to the two Cabinet officers, "or head clerks, or bootlickers, or whatever the President has around him."

He suggested that there should be a meeting of the Executive Committee of the Annapolis Club to determine what degree should be conferred upon "Charles J. Bonaparte and this man Meyer."

Mr. Tillman laid stress on the fact that he had not proposed to obtain any government land, but only to purchase land that had been given a corporation with the stipulation that that corporation should sell it to the public at \$2.50 an acre.

Killed Under Train.

MARYSVILLE, Jan. 14.—Nye Burton, an aged miner living in a tent on the levee in this city, was run over and killed by a Western Pacific construction train this afternoon. His body was cut in two and one arm was torn off. He formerly resided in Newman, Stanislaus county.

About fifty hitherto unknown water colors and oil paintings by Turner were recently discovered, the water colors in a trunk and one oil painting in a box, and the oil paintings in a paper parcel in a storeroom. [Exclusive.]

FATAL FIRE.

TOPEKA, Kan., Jan. 14.—With walls blackened by smoke, bulging to the danger-point and threatening to cave in at any time on an interior of utter ruin, all that remains of the Copeland hotel, the rallying point of the Republican party of Kansas for years, is a mere hulk of a building.

The body of I. E. Lambert, ex-United States District Attorney for Kansas, was found in the ruins tonight. The body was found in the northeast corner of the building. Lambert's room was on the fourth floor directly above.

Fourteen of the guests were more or less seriously hurt. The injured include Mrs. W. J. Morgan, wife of the editor of the Hutchinson News, and formerly State printer, ankle broken; W. C. Murray, Kansas City, Kan., insurance agent, broken ankle and bruised; Thomas Benton Murdock, Eldorado, Kan., well known editor, slight; A. W. Smith, of McPherson, Kan., former Republican candidate for Governor, ankle broken; H. A. Rowland, of McPherson, three ribs broken; Mrs. B. L. Thompson of Harrisonburg, back injured; Representative S. C. Westcott of Cherokee county, back and ankle wrenched; H. G. Stone, State Board of Control, Topeka, back sprained; G. W. Goodlander of Scott county, leg hurt; Paul Rich of Coolidge, back, side and arm injured; W. A. Elston, of Moline, sprains and bruises; H. C. Bowman of Newton, ankle and back sprained; ex-Senator G. H. Lamb of Yates Center, internal injuries, severely bruised; Fire Chief W. H. Smith of Topeka, head cut; J. W. Davis of Greensburg, overcome by smoke.

HOTEL TOTAL LOSS.

The hotel was a four-story brick structure and was owned by J. C. Gordon. It was totally destroyed. The loss is estimated at \$100,000; insurance about \$45,000.

The origin of the fire is thought to have been a defective electric light wire in the storeroom.

There were 160 guests in the hotel when the fire broke out. The hotel was situated one block from the State Capitol, and was one of the oldest hotels in Kansas. It had a roomy lobby and wide hallways, and was plentifully supplied with fire escapes.

The main stairway, however, was built around the elevator, and was flanked by a narrow passage, and when the fire started shortly after 4 o'clock, the flames shooting up the shaft soon shut off this means of escape.

The fire started shortly after 4 o'clock. The flames had gained great headway when discovered, and when the fire apparatus arrived the rear stairway had been cut off as a means of escape.

Henry Wells, the colored porter, was first to learn of the fire. A moment later William Jenkins, the night watchman, and Wells began a system-

## "GAYCAT" IS IN CUSTODY.

Constables Arrest Wanderer With Dynamite.

Has Outfit to Crack Safes in His Valise.

Believed to Be One of Gang of Robbers.

(Continued From First Page.)

With a kit of safecrackers' tools, fuse, concussion caps and dynamite packed in a valise, D. W. Moore, 19 years old, was captured by Deputy Sheriff C. W. Catlin and Deputy Constable William Weaver and T. F. Ogier, about 9 o'clock last night, near Burbank, while making his way across the country to Glendale, where a plot had been laid to blow the First National Bank of Glendale.

Although Moore refused to talk, Deputy Sheriff Catlin says that he has evidence that he is a "gay cat" for the crackmen who wrecked the safe of the State Bank of Burbank last Tuesday night. After thorough search, the officers found where the valise had been buried about a mile from the bank building.

As soon as Moore was arrested with the outfit in his possession, Deputy Sheriff Catlin called the authorities at Glendale and Tropico to watch out for the safecrackers. It was ascertained from a livery stable at Glendale that a man named Moore had been going to Burbank. About an hour before the horse was to be hitched up, the order was canceled by telephone. Moore's description is identical with that of the man who came to the stable to order the horse, but he has not been positively identified.

After a hurried search through Glendale, the officers reported to Sheriff Hammel last night that no suspicious looking character had been found. Moore gave away the secret of his destination when he met a man on the road which he was traveling and inquired of him if the train was on to him to Glendale. The man replied in the affirmative and Moore thanked him and continued his journey.

When Deputy Constables Weaver and Ogier accosted Moore, and asked him where he was going, he told them that he was making his way to Tropico. They told him he was on the wrong road, and becoming suspicious questioned him closely.

Moore told them he had come from Los Angeles on the Southern Pacific train, and that the conductor told him that the train was going to Burbank. In the meantime, Moore set his valise by the roadside and attempted to kick it under some weeds.

When Catlin was called and Moore was taken into custody, Moore refused to talk, and the officers followed him back to Burbank. After a careful search it was found that the valise had been buried in a ditch near the road.

Moore had a certificate of the Webster Detective Agency of Chicago, which showed that he had been employed by the agency for the year 1929. He had several pawn tickets in his possession, and \$25 in money. He carried a .38 caliber revolver and a belt of cartridges.

In the valise were five sticks of dynamite, two boxes of concussion caps, a detonator and a scale of weights and measures, two small saws, a hammer and files and steel wire saws. The kit is more complete than the one carried by the trio who were captured by detectives last Monday.

Several women agitators from San Francisco are responsible for the situation. They are trying to boost union labor in the hope that it will help to get votes for women not going into the election returns with the so-called labor party representatives, but a very small minority of the ballots cast at any general election.

It was a bold break for the women's suffrage, and it is doubtful if they now can muster the support upon which they had counted, though up to this time many legislators had expressed a willingness to submit the whole matter to the people.

The women's suffrage movement is a mystery. It is not known how many of the suffragettes had "got in bad."

Representations made by court officials respecting the risk of his life have had no effect upon the King, as he takes much pride in being up-to-date in matters of sport. Where he got his flying machine is a mystery. It is thought the machine was manufactured for him in the airplane workshop of Leon Bolle at Le Mans last autumn.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Jan. 14.—[Exclusive Dispatch.] Thousands of automobile owners throughout the State are supposed to be interested in the bill introduced today by Assemblyman Flavell of Ontario, which calls for a high standard of gasoline. Other thousands who use kerosene and gasoline for fuel and lighting purposes probably have a similar interest.

Flavell's bill demands that no refined petroleum, kerosene, gasoline, benzole, naphtha or any other burning fluid be sold or offered for sale under a test of 115 degrees Fahrenheit, and that gasoline shall not be of less than 88 specific gravity and kerosene not under 80.

Inspection is provided for all such fluids with a stamp of approval for all that passes the test and condemnation for all that does not. The governor is empowered by the bill to appoint a State inspector at a salary of \$2,000 a year, who shall have such duties as may be required. A scale of charges is fixed for all inspections and penalties are provided for infractions of the law.

Flavell declares that oils of low grade, dangerous to use and more expensive in the long run, are sold without restraint in California. He says that most of the explosions of gasoline stoves are due to the inferior quality of the burning fluid. His bill aims to correct the evil.

work is up to the standard demanded he will be fully vindicated. In any event, the State cannot lose, as Engstrom furnished a bond sufficient to guarantee strict compliance with the terms of the contract awarded to him.

While it is well known that the unionites of San Francisco made the charges against Engstrom because he conducted an open shop and stands for industrial freedom, the State officials felt they could not ignore the affidavits presented by McCarthy and by Trelivette, the ex-convict officer of the laborer's organization, so they decided that the only course to pursue would be to make an inquiry.

But the work will not stop with the work performed by Engstrom, who is putting up five buildings at Agnew. Several other contractors, all employing members of union labor organizations are engaged on other buildings. All of these structures are to be subjected to the closest scrutiny and to the severest tests.

Whoever may be hit, it is stated by Gov. Gillett and by the State Engineer that the report will be impartial.

AHEAD OF SCHEDULE.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Jan. 14.—[Exclusive Dispatch.] Though the Legislature has been in session nearly two weeks and but a few emergency measures have been passed by both houses, Speaker Stanton made the statement to the assembly today that it is at least three days ahead of any other Assembly for several sessions, in the performance of its duty. He commended the legislators for their attention to business and intimated that the session might be brought to a close within the seventy-day limit that prevailed two years ago.

This was welcome news to the southern members who pine for another glimpse of the sun, for the breath of warm breezes and for the old familiar view of the mountains. The session has been one of those that was not rainy, and none on which the water from the faucets has been anything but the dirty yellow of the torrent that pours down from the hills in Los Angeles after a heavy storm.

Some of the leading Senators believe that the session will last not more than a total of sixty days, which would send the lawmakers home early in March.

The pulling and the filling of teeth, the fitting of plates and other duties of that nature are stipulated. Senator Willis says that inmates of State institutions suffer greatly because of the neglect of their teeth, and his aim is to afford them some relief.

SACRAMENTO, Jan. 14.—[Exclusive Dispatch.] Loan sharks will have short shrift in the event that the Legislature acts favorably on the bill introduced today by Assemblyman Leeds of Los Angeles. It provides that no man may make an assignment of his salary without the consent of his wife.

Los Angeles has been overrun in the past with usurers who demanded high rates of interest for small loans and who always took the precaution to protect themselves with orders for wages due the borrower. City and county employees have been reached and the money-lenders have reached out into all walks of life.

As an amendment to the hunters' license bill, which is now before the Assembly, he proposes that a license shall be issued free of cost by any County Clerk to a person who may present the scalp of a fox, or of two foxes or of one coyote. ## A TONIC FOR THE STOMACH

Treatment for Digestive Disorders  
That Gives Permanent Relief.

A Cure in Missouri Which Will Inter-  
est Every Sufferer from  
Stomach Trouble.

A strong, healthy stomach and a  
good digestion are out of the question  
if the blood is impure. In fact the  
quality and amount of work done, not  
only by the stomach, but by every  
organ of the body depends upon the  
richness of the blood that it receives.  
Thin, weak blood makes weak and dis-  
eased tissues and lowers the working  
capacity of every organ.

It should always be borne in mind  
that the direct cause of stomach trou-  
ble is impure blood. The indirect  
causes, such as excesses in eating or  
the eating of improper or badly cooked  
food, the run-down condition result-  
ing from overwork or nervousness affect  
the stomach only when they impoverish  
the blood.

Stomach trouble can be permanently  
cured only when its direct cause,  
which is impure blood, has been re-  
moved. Predigested foods and arti-  
ficial aids to digestion afford but tem-  
porary relief at best. It is here that  
the tonic treatment with Dr. Williams' *Pink Pills* differs from other medi-  
cines. It gives the stomach strength to  
do its work by furnishing it with a  
normal supply of pure, red blood. As  
a healthy desire for food and an  
improved digestion. The blood now  
readily takes up the nourishment and  
carries it to all parts of the body,  
rapidly restoring the general health.

Mr. M. L. Selp of No. 2703 Jackson  
street, St. Joseph, Mo., suffered for  
about three years with a severe case  
of stomach trouble. Failing to get re-  
lief from his doctors, he gave the tonic  
treatment with Dr. Williams' *Pink Pills*.  
A trial and was permanently  
cured. Mr. Selp has been employed  
by the C. B. & Q. R. R. for over twenty  
years and is foreman of the repair de-  
partment at St. Joseph. The follow-  
ing statement of his case deserves the  
careful attention of every sufferer of  
stomach trouble. He says:

"I think my sickness was due to the  
nature of my work, which makes my  
hours for eating irregular and, being  
out of doors, exposes me to all kinds  
of weather. I was very bilious and felt  
bloated all of the time. I had dizzy  
spells which came on me without any  
warning and I was afraid to go on any  
scaffolding for fear of falling. There  
was a dull, aching pain across my  
back. I was nervous, out of sorts and  
felt uneasy all of the time.

"I was treated by several doctors  
and a specialist from Kansas City, but  
obtained only temporary relief. After  
three years of suffering I began  
taking Dr. Williams' *Pink Pills*. I re-  
ceived benefit from the first box and  
continued with them until cured. I  
always keep Dr. Williams' *Pink Pills*  
in the house for I believe they are the  
best blood medicine in the world."

If the treatment you are taking does  
not give you permanent help, it is most  
likely not a blood-builder and you are,  
therefore, treating the symptoms and  
not the cause of your trouble. The  
convincing case of Mr. Selp shows that  
the tonic treatment will cure stomach  
trouble and should be sufficient reason  
for every sufferer to give Dr. Williams' *Pink Pills* a good trial.

Dr. Williams' *Pink Pills* are sold by  
all druggists, or will be sent, postpaid,

liams Medicine Company, Schenec-  
tady, N. Y.

the Wilson woman and escaped to the  
street.  
Betty Smith followed him. Clark  
fired a shot into her shoulder, mak-  
ing a dangerous wound. Her screams  
brought Patrolman Smith to the scene.  
Clark at once began shooting at the  
officer, firing two bullets into his body.  
Smith raised himself to a sitting po-  
sure and fired twice, one bullet taking  
effect in Clark's leg. Clark escaped.

The shooting occurred two blocks  
from the Police Station. A squad of  
officers immediately began to search  
for the wounded robber. He was found  
on the Douglas bridge by Detectives  
Devereux and Heitfeld. As soon as the  
officers came up to Clark he began  
firing. One bullet struck Devereux in  
the stomach, mortally wounding him.  
Detective Heitfeld then shot Clark  
twice at the Elmer street bridge.

Clark said he came from Denver three  
days ago.

IDENTIFYING THEM.  
Victims of the Hold-up Trio Taken  
in to See Them—Over Twenty  
Crimes Confessed.

Detectives working on the case of  
the three men arrested on charges of  
wholesale highway robbery spent the  
time yesterday in taking victims into  
the jail to identify Garwood, Gavin  
and Pfeiffer. Seven made positive  
identifications.

The list of cases against the men  
is being completed and when com-  
plaints are issued the detectives claim  
they will have piled up enough charges  
to send the men to the penitentiary  
for life.

According to the reports at the Po-  
lice Station Gavin and Pfeiffer have  
confessed to more than twenty high-  
way and safe robberies. In each con-  
fession they have implicated Garwood,  
the elder of the trio, who thus far  
has refused to shift most of the blame  
upon his comrades.

TO NEW YORK FOR TRIAL.  
Gov. Gillett yesterday honored the  
request of Gov. Hughes of New  
York for the extradition of Peter  
Reagan, held here on a charge of at-  
tempted murder. "Kid" Reagan was  
arrested in Los Angeles two months  
ago on suspicion, and later connected  
with an attempted murder in a New  
York saloon. An officer from the East  
is here waiting to take the man back  
for trial.

CRIME BRIEFS.  
Robberies in Mexico.  
EL PASO (Tex.), Jan. 14.—A report  
has been received from Terrell,  
Mex., that Juan Vicente, the mail  
carrier between Rodeo and Durango,  
was murdered on a recent trip and  
the mail bags looted of more  
than \$700 in cash. The Muvia de Oro  
Express Company in the Urique dis-  
trict of Chihuahua, was robbed of  
\$6000 by bandits, who raided the  
office of the company and dynamited  
the safe.

## TEN ROUNDS THIS SEASON.

Annual Defeat of Weeks by Champion Attell.

Challenger Slowly Maule to Please Crowd.

No Chance for Mountain Boy Against Abe.

(BY DIRECT WIRE TO THE TIMES.)

GOLDFIELD (Nev.) Jan. 11.—[Exclusive Dispatch.] In the middle of the tenth round of a scheduled twenty-round contest involving the featherweight champion of the world, Alvin Attell, the little Hebrew wonder, who has successfully defended his title for a long time, knocked out Freddie Weeks of Tonopah, formerly of Cripple Creek. Attell demonstrated his superiority from the start, and there was little doubt of the result from the first of the going, although the local fans gave Weeks the benefit of their encouragement throughout.

During the early rounds, and until he became too badly confused, Weeks carried the fight to the champion at every step, relying apparently on his strength, careful training and good condition to carry him through, but the champion continued to chew gum and evade the wicked slashes of the local man, and after the fourth round, when he had Weeks bleeding freely from the nose and from the eyes, he was plain to the onlookers that he possessed the power to end the uneven contest at any moment he desired.

Despite the fact that Attell was planting blows as he pleased and apparently stalling, Weeks kept up his rushes. The men parted from clinches at a word from Referee Graney, and Attell's ducking and footwork were the perfection of ring tactics.

In the fifth round Weeks was bleeding freely, spitting the claret over the champion and the blood evidently rattled him as he took unnecessary chances in exposing himself, and Attell got in a number of wicked uppercuts in breaking from clinches, although the champion showed plainly his intention to let his opponent get his own self into a weakened condition by inviting swings and ducking them by a half-hearted without losing a jaw stroke on his guard or changing his fixed sardonic smile.

Attell has trained but little since his arrival from New Orleans and the altitude, which has been considered a strong factor against his chances, proved to be of no effect on his heart or wind. He left the ring almost without a mark, while Weeks is badly bruised and cut from the vicious right swings of the champion who used this blow to excellent advantage.

Weeks has plenty of courage and has improved, but Attell demonstrated tonight that he is the peer of any man in his class, and that it will take a fast and strong man to make a showing against him.

For the less than ten rounds of boxing Attell will receive \$2500, and Weeks \$1000, which sums were guaranteed them, win, lose or draw, by "Tex" Rickard, who promoted the fight.

Rickard will probably offer a purse for a contest between Attell and some featherweight who can lay claim to a trial for the championship.

**TONIGHT'S FIGHTS.**

**McFarland and Hyland.**

Packy McFarland and Dick Hyland have finished preparations for their ten-round boxing contest at McCarney's pavilion tonight, and they will weigh in this afternoon at 2 o'clock, each must not be over 133 pounds. There is a penalty of \$50 for either should he weigh in excess of the stipulated figure.

Both of the boys rested up yesterday, Packy being down to 123½ and Hyland being just under the 123 mark. They will come to Los Angeles at noon today, McFarland having been training at Doyle's place at Vernon, and Hyland making his headquarters at Eastside Athletic Club.

Betting on the outcome still remains a 2 to 1 in favor of McFarland, while the odds of the Hyland money in eight, if the confidence which Fighting Dick apparently has in his chances to win could be induced into the men that put up their coin on fights, the odds would be of a different nature from those quoted yesterday.

The card will consist of the bout between McFarland and Hyland, and three six-round introductory bouts between fast youngsters, as follows:

Kid Otto and Young Russell, six rounds, 130 pounds.

Dick Given and Jack Woods, six rounds, 128 at 3 p.m.

Andy Rivers and Roy Moore, six rounds, 128 at 3 p.m.

Packy McFarland and Dick Hyland, ten rounds, 133 at 3 p.m.

Charles Epton will referee the main event and George Blake the remainder of the bouts.

The chances are that McFarland will have the better of the bout, which should go ten rounds, Hyland, while chancier than his opponent, has shown great capacity for taking punishment, and while scarcely a champion, shows enough class to stay with the best of them for that distance. It should be a hard grueling match, with Hyland taking three-fourths of the punishment, and McFarland doing the clever stuff in getting out of the way.

**MATCH CLINCHED.**

**WALSH ALSO TO FIGHT.**

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Jan. 11.—[Exclusive Dispatch.] Joe Woodman, the manager of Sam Langford late this afternoon received a cable from Manager Bettison of the National Sporting Club stating that the match had been clinched between Jack Johnson, the heavyweight champion of the world, and Sam Langford for Derby Week, May 24.

The club has offered a \$25,000 purse for the fight. There will also be another event of twenty rounds between Digger Stanley, the English bantam, and the American bantam champion, Jimmy Walsh. Woodman is cited for transportation and training expenses.

Langford will in all events have another fight in California before his departure for England.

It is believed that for this fight the National Sporting Club will be able to secure the Albert Edward Hall in London, where Hackenschmidt and Jenkins wrestled. Sanction of royalty is said to be required, and it is believed that the National Sporting Club is strong enough to secure the privilege. The capacity of the hall is 15,000, with more in an emergency.

Packy McFarland, Chicago Lightweight, who is to meet Fighting Dick Hyland tonight before McCarney's club.

MYTH BECOMES FACT.

## CHANCE REALLY BUYS LARGE ORANGE GROVE.

FRANK CHANCE, captain of the champion Chicago Cub ball team, in the midst of a drizzling rain got ready yesterday for another rainy day by practically closing a deal for a ten-acre orange grove situated twenty-five miles east of this city, for the price is to be \$25,000 if he takes the \$5000 crop now on the trees, or \$12,000 without the crop. The money will change hands as soon as the papers are made out, for Chance drew on a Chicago bank yesterday by telegraph for the necessary coin.

Of the ten acres, seven are in Valencia and three in navel and in addition to this grove he has an option on another eleven-acre grove of navel oranges, which is to be paid for in five years and are a little less than two miles from the foot of the mountains, a ten-acre house, a fine water plant and a fine team of horses go with the grove.

Since the racing season at Arcadia started November 25, Chance has been the lookout for a "dollar book" at the

track, at \$10 per day, but quit that Wednesday, under a promise to President Pulliam of the National League, that he would stop when he made up with Murphy, or bought his orange grove. He says he is just as much at ease as ever on the question of going back to Chicago and does not know what he will do, but it need surprise no one if he remains here.

"I got a letter from Murphy a few days ago," said Chance yesterday, "but he said nothing about my return, and it was just a friendly letter. If I do go back and have charge of the Cubs, the team will be just the same as it was last year, with the exception of center field. I had Sheppard there and took him out and put in Hoffman. If Sheppard plays this season it will probably be as utility man. My idea, if I go back is to take the pitchers for a trip to Hot Springs about March 1, and then meet the team at the south two or three weeks later."

His talk was full of "if I go back," so the Chicago fans need not be shocked if he does not see the chances are that he will, however.

## MAIER HEADS EXTRA CLUB.

Mayor Harper Loses Interest in New Ball Team.

Too Much Talk and no Action Disgusts Executive.

President Ewing and Berry to Confer Today.

(BY DIRECT WIRE TO THE TIMES.)

Eddie Maier will be at the head of the new baseball club of the Pacific Coast League to be placed in Los Angeles the coming season, and Harry Hogan will be manager, with Harry Leland to do the actual inside management of the business affairs, with Tom Darmody to help out the officers. This seemed to be the situation last night after Cal Ewing, president of the Coast League, arrived from the East and had a short conference with President Berry of the Los Angeles team. These two magnates are to meet again today and reach some definite agreement as to the course of action to be pursued.

It is believed now improbable that Mayor Harper, Frank Goings and their friends will become actively interested, and if they take any stock at all they will keep well in the background. Fullum of the National League, there had been so much of a delay about the question as to whether there would be six clubs in the league, that he did not suppose he would interest himself.

"Happy" Hogan already has his eye on a number of good men and one of them is none other than "Brick" Devereaux, now with the outlaws. Hogan refused to make any statements last night as ever on the question of going back to Chicago and does not know what he will do, but it need surprise no one if he remains here.

## NELSON VISITS THE PRESIDENT.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Jan. 11.—[Exclusive Dispatch.] Battling Nelson, champion lightweight pugilist of the world, near-author and property owner in six States, was a visitor at the White House for two hours today. Most of the time was given up to a talk with Secretary Loeb, whom Nelson had met while hunting in Montana several years ago. The little fighter also met the big fighter and received an autograph photograph from the President.

"I like the President," declared Nelson, as he came from the executive offices. "I complimented the President on his ride yesterday. It was a great stunt. There are mighty few men in this country who can ride ninety-eight miles a day and be hustling around on their feet next day attending to business. I am going to frame the President's picture and hang it in my home at Hegewisch. No, I cannot abuse the President's courtesy by telling what he wrote on his photograph."

It is believed now improbable that Mayor Harper, Frank Goings and their friends will become actively interested, and if they take any stock at all they will keep well in the background. Fullum of the National League, there had been so much of a delay about the question as to whether there would be six clubs in the league, that he did not suppose he would interest himself.

**TIP O'NEIL ADVANCE AGENT.**

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Jan. 11.—[Exclusive Dispatch.] Tip O'Neil, who is acting as advance agent for the White Sox and arranging their baseball dates on the Coast, will leave for Los Angeles Sunday to find out what games are wanted by the Angels, and also to arrange for some college games.

If possible there will be a game at Fresno on Monday between the two divisions of the Sox, as they are passing, one on the way south and the other en route to San Francisco. The Sox will be given as many games as they desire, and probably one will be arranged with St. Vincent's College.

All sorts of requests are coming from college teams around the bay for games. Tip says there will certainly be a game with St. Mary's College, as that was the last thing O'Neil was impressed on him when he left Chicago. The University of California, Stanford and Santa Clara will also be taken care of.

The first game will be with White Sox No. 1 team against the Seals, Saturday, March 4. On Sunday morning the Sox will go against Oakland at Recreation Park, and then come to Recreation Park to meet San Francisco in the afternoon.

**Kelly Wins Contention.**

BOSTON, Jan. 11.—[Exclusive Dispatch.] Joe Kelly will manage the Toronto baseball team as a result of an agreement today with Boston's president. Kelly is to get part of the purchase money.

**Stanford Baseball.**

STANFORD UNIVERSITY, Jan. 11.—The baseball season here will begin Friday, Coach Presley having fixed that date for signing up the candidates. Active practice will begin Monday and with a number of last year's veterans who have returned this year, the outlook is bright for a strong nine.

**CORONADO AUTO RACES.**

Hawkins of White Squadron Offers to Race Oldfield Five Miles for Purse of Thousand Dollars.

C. A. Hawkins, manager for the White racing steam cars, which are making a circuit of the West, went to San Diego yesterday to arrange for a race with Barney Oldfield, Sunday afternoon, on the Coronado track. Hawkins expects to send the rebuilt White Flyer against Oldfield's Stearns "six." Hawkins says he will post \$1000.

The annual election of officers of the Coast Yacht Club will be held February 13 and until the new officers are appointed the present ones will continue. The coming season will not be arranged. In answer to several inquiries it was stated that there will not be a race to Honolulu this year, this

event being set for even numbered years.

The Pacific Athletic Club of San Francisco commenced negotiations last night with Jimmy Walsh, the bantam champion Freddie Welsh, the English lightweight champion, to meet two San Francisco men on January 29. Arrangements were not completed, owing to local inducements not being strong enough at this end of the line. Walsh was to meet either Monte Attel, or Fred Goetz and Welch was to fight Lew Powell.

STATE SALOON UNPOPULAR.

Gov. Haskell Slow to Respond Institutions in Spite of Court Decision.

(BY DIRECT WIRE TO THE TIMES.)

GUTHRIE (OKLA., Jan. 14).—Exclusively from Gov. Haskell today accepted the resignation of Robert L. Lozier, State superintendent of the liquor dispensary or State saloon system, and will not immediately appoint a successor, notwithstanding the Supreme Court decision yesterday holding the dispensary system still in force. Haskell says he will not direct the dispensary to be opened unless instructed by either the court or the Legislature. The decisive disapproval of the system given by the people at the polls on November 6 convinced State officials slow to favor its continuance.

KOREAN EMPEROR RETURNS.

SEOUL (Korea) Jan. 14.—The Emperor of Korea has returned from his tour to Pusan which he made as Prince Ito, the Japanese resident general. Pusan is about 300 miles from Seoul, and the emperor's return from the capital in company with Prince Ito adds a strong economic note to rumors throughout the country that the Japanese would kidnap him to Japan.

Inasmuch this sum was entirely inadequate it is probable that it will be increased by the Legislature. **ANARCHISTS ARRESTED.**

Emma Goldman, Ben Reitman and William Buwalda in Jail at San Francisco.

(ASSOCIATED PRESS NIGHT REPORT)  
SAN FRANCISCO, Jan. 14.—Emma Goldman, the notorious anarchist, and her husband, Julius, were taken to the city jail this morning as the "king of the hobos," were arrested tonight as they were about to leave for the night meeting and previously announced, and were lodged in the city prison on eighth street.

"Riot" is defined by the State statutes as the assembly of two or more persons for a meeting of an unlawful purpose, or the advocacy of such, which, if carried out, would lead to riot. The police acted on the theory that each of the meetings was a conspiracy to commit a riot, and bail was fixed at \$1000 cash or \$2000 bond on each count. Bail was not posted, and the meetings took place at a late hour last night.

William Buwalds, who was disowned by the Communist Party, was sentenced to five years imprisonment on Alcatraz, the Federal military reservation, for a conspiracy to pass arms and money to the Russian revolutionaries with the Goldman woman, at a meeting held by her some months ago, was today released from jail after his vigorous protest against the action of the police tonight. Buwalds was only recently released and was given a pardon from the Reformatory.

## APPOINTMENTS FOR SOME, WOE FOR OTHERS.

Police Commission Springs Unpleasant Surprise When It Meets to Name Fifteen New Members on the Force—One Patrolman Dismissed and Others Under Charges.

In a two-hour session at police headquarters yesterday the Police Commission organized and executed a surprise for the police force. It was known the commission expected to appoint fifteen new patrolmen, recently authorized by the Council, but it was not suspected that several others would be placed in danger of losing their jobs.

As a result of the meeting one patrolman was dismissed, one fined and two others put in limbo until Chief Broadhead investigates charges against them. The commission succeeded finally in appointing eleven new members to the force. Other will be named later.

The patrolman dismissed was G. V. Ross. He suffered the same fate during the term of Mayor McInerney. Ross was ordered to watch two saloons at Alameda and Aliso streets on the night of January 10, as hold-ups were feared. He was found "watching" them from a pool room where he was playing a friendly game. Capt. Braden suspended him, and he received his final sentence yesterday.

Patrolman W. F. Drosengmyer, who refused to arrest a man reported with a stolen watch by M. Silverstein, a pawnbroker, was fined \$30 for neglect of duty.

Chief Broadhead was instructed to investigate charges made by Mrs. F. D. Skaggs, No. 203 West 10th, against Patrolman E. W. Dorsey. She alleged that Dorsey broke into her home last Christmas Eve when she and her husband were sleeping over the possession of a parcel. The patrolman was abusive, she says, and finally took her husband to the police station on a charge of drunkenness. Later, when the captain in charge found Skaggs had not even been drinking.

Charges made by C. D. Hamilton against Patrolman H. J. Toomey, were also referred to Chief Broadhead. Hamilton alleges Toomey arrested him for drunkenness when he was perfectly sober.

After disposing of these cases the commission named the following new men for the police force: W. L. Hagenaugh, George H. Day, James F. Bean, Ray A. Hagenaugh, G. B. Elmer, James H. Shafer, Harold Nielson, D. C. Huling, Henry C. Howell, Philip Bonar and Arthur J. Whitely.

## LICENSE RECEIPTS.

## CITY'S BIGGEST YEAR.

According to the annual report of City Clerk Leland, the receipts from all license sources during the past year aggregated \$644,500.34, an average of \$5,370 monthly. This was the biggest year in the history of the city.

Liquor revenue alone brought in \$299,675, of which \$240,000 was from the 200 retail saloons. The restaurant license produced \$37,150 and wholesale licenses \$7,525.

Other lines paying large amounts are: Vegetable wagons, \$25,000; billiard tables, \$20,100; restaurants, \$16,436; fortune tellers, \$3,600; and billboards, \$3,724.

Dog licenses, not included in the grand total, yielded \$12,219 between June 1 and November 30.

## INDUSTRY DISCOURAGED.

## DISTILLATE PERMIT REFUSED.

When refused a permit for a distillate storage tank at No. 315 East Thirty-third street yesterday by the Fire Commission, A. D. Perkins, proprietor of a factory for making water mobile wind shields, complained that Los Angeles is always asking for factories, and when they come gives them disagreeable treatment. Without the permit, he said, he cannot run his factory and that he will have to abandon it and seek another place.

Seattle, he declared, offers him a large bonus to move there. The commission was not unanimous in denying the application, and it may be revived at another session. The tank was based on the use of the district for residence purposes.

The commission has accepted the resignation of Capt. Charles H. Balzer, who has become a road superintendent in Superior Neill's district. Henry Stoerner was named to succeed him, and Walter V. Moon will succeed Stoerner as lieutenant. I. J. Maxwell was made a first-class captain and C. F. Bell a lieutenant.

## INSPECTOR DEFENDED.

## JEFFERSON STREET PAVING.

Friction between paving contractors cannot faze the City Engineer's office, even if interested property owners present the complaints to the Board of Public Works. This is the gist of a report by Assistant City Engineer Johnson to the Board of Public Works in the matter of the complaint of the treatment accorded D. Weisbar, employed by the property owners to inspect the work, by City Inspector Frank McClellan.

Weisbar and others alleged that McClellan refused permission to measure the boxes and barrows and cursed Weisbar for being a foreign country spotter. In his report Mr. Johnson says the complaint is inspired by one contractor trying to discredit the work of another and that the contractor Ernest R. Werdin, manager of the Western Paving Company, though not named, has threatened to "get" Inspector McClellan.

The report finds that it was the city inspector who was really abused and that under the strain of "systematic abuse and intimidation" he lost his temper. He did not, it is

found, refuse permission to measure the implements. The work is being properly done according to specifications and the engineer's office is entirely satisfied with it. As to McClellan having been employed by the paving company when not busy inspecting city work the report says when this was learned last October 3 notice was posted forbidding such dual alliance in the future.

## Liberty Bell Visit.

The Mayor has received a letter from Douglas Watson, chairman of the Million Club of San Francisco, asking Los Angeles to join in the effort to have the Liberty Bell, Philadelphia's revolutionary relic, brought to the Pacific Coast in the spring for exhibition in the larger cities. The bell, which has made many journeys from Philadelphia to great expositions, is to be at the Alaska-Yukon-Pacific Exposition in Seattle in April, and it is the wish that it make stops at San Diego, Los Angeles, San Francisco and Portland en route. The bell on all its travels has been accompanied by an escort of honor composed of the stalwarts of the Quaker City police force and a committee of the Common and Select Councils.

## Bishop Conroy Protests.

Bishop Conroy, as administrator of the diocese of Monterey and Los Angeles, has filed notice of protest against an assessment of \$3077 against diocesan property on account of the opening and widening of Sixteenth street, between Normandie avenue and Arlington street. The bishop recently paid the assessment under protest in order to clear the title of the property involved, but now appeals from the assessment.

## AT THE COURTHOUSE.

## SORRY ABOUT MINING DEAL.

## ORANGE GROWER SUES TO GET BACK HIS FLYER.

Testifies That Tungsten Mine, Represented as Rich, Is Really Very Poor. Even a Little Mineral in It—Defense in Stories of Rich Claims Should not Be Believed.

Horace Y. Evans, for eighteen years an orange grower at Redlands, was plaintiff in a suit before Judge Houser yesterday, involving alleged deceit on the part of Robert G. Hoffman, a mine owner.

Hoffman was owner of a claim known as the Eagle mine in the Bonanza and Pauline groups, and other claims in the Rand district, Kern county. It was testified by Evans that in October, 1927, Hoffman represented to him that he was the owner of a valuable deposit of tungsten or wolframite worth \$800 a ton, that there had been mined fifteen tons of the stuff running about 36 per cent tungsten, within a few miles of a mill; that he would sell him an interest in the mine for \$300.

A partnership was formed with Evans and Hoffman, and Charles L. Sweet, an attorney of this city, Evans to contribute \$300, Hoffman \$200 and Sweet his services, and in the division of profits Hoffman was to receive one-eighth and Hoffman one-half of the proceeds of the mine.

It turned out the tungsten was not very thick if ever existed, and upon this latter proposition there was much divergent testimony. Hoffman claimed in an assay showed him tungsten values, but this was denied.

Hoffman denied all charges of false representations, and his attorney argued that even if Hoffman had made extravagant claims as to the richness of the mine, Evans and Sweet ought to have had sense enough not to believe him.

## HAD RICH RETURNS.

WHAT SLOT MACHINES PAID. According to the testimony of Mrs. Emily S. Watson, widow of John H. Watson, the slot-machine business was a flourishing one during the time her late husband operated his saloon and restaurant at Santa Monica. She testified in Judge Houser's court yesterday that they returned from \$200 to \$200 a week. The witness also said that her husband set aside one of the machines for her special financial benefit, and that she often received \$100 a week profit. The bulk of the profits was in \$200 bills, she declared, when her brother often came down from Los Angeles and assisted her in tending bar.

At the close of the testimony she was asked how she had carried out the wish of her dead husband in regard to spending \$1000 on his funeral, as she declared he had requested just before he died.

"I tried to spend the \$1000," she replied, "it cost me \$250 for a monument, and the other funeral expenses were more than \$200."

## CANNOT REVOKE.

## BOARD IS POWERLESS.

Judge Conroy yesterday allowed a writ of prohibition in the case brought by Katherine F. Coughlin against the Board of Education of Kern county. The case is a novel one.

Miss Coughlin was employed to teach the primary or grammar grades of the Soledad school, in the Johannesburg district, and at the close of the term, in December last, refused to prepare the annual report of the school on certain blanks. It was also charged that she removed the school registers and neglected to return them.

The school board attempted to revoke her certificate to teach, on the ground of unprofessional conduct, and the teacher secured a writ of prohibition enjoining the board from taking such action. Judge Conroy allowed the prayer of the petition, laying down the doctrine that as Miss Coughlin was teaching by authority of the State Normal School Board of Examiners, such a body alone had authority to revoke the certificate.

## NEIGHBORS INTERESTED.

## FIGHT FOR APARTMENTS.

The score of more of the neighbors of Lina Froendley, who until early in November last, was in possession of the Grand View apartment house, No. 560 North Hill street, were in attendance at Judge Hutton's court yesterday. The plaintiff is J. J. Barnes, who, it is claimed, rented the house to the plaintiff for \$200 a month.

It was alleged that on November 6 last, Barnes secured entrance to the house on the pretense of desiring to fix a water pipe, and has held possession ever since, ejecting the woman. She asks that the property be restored to her, and that Barnes be enjoined from entering the premises.

It contains no opinion or other harmful substance, and may be given as confidently to a baby as to an adult.

joined from entering the place. Barnes claimed the plaintiff had not lived up to her agreement in caring for the property.

## COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS. CARLSON HEARING. The hearing of W. H. Carlson, charged with embezzlement in connection with affairs of the Consolidated Bank of Los Angeles, was again postponed yesterday until Monday next, by reason of the continued illness of Justice Selph.

HELD TO ANSWER. Henry L. Tieman, charged with burglary, was held in \$2000 bonds by Justice Stephens yesterday, and was taken to jail. Tieman, it is alleged, entered the store of E. L. Wallace at Hollywood Christmas eve, and stole three dozen knives, three razors and two revolvers, which made up the exhibit in the courtroom.

ALLOWED TO GO. Judge Willis allowed E. S. Tucker, answering a complaint of grand larceny, to go on his own recognizance, until his trial March 1. William F. Thomas, an alleged partner of Tucker in the crime, is also held. It is asserted that Tucker will be an important witness at the hearing.

PROBATE MATTERS. Mary Ann Dougherty made application for letters of administration of the estate of Maria Dougherty, who died in Worcester, Mass., January 5, 1929. There is property belonging to the decedent valued at \$10,000. William A. Weldon filed application for letters of administration on the estate of Epphanio Lopez, who died December 14, 1928, leaving property worth \$10,000. J. C. Meddell petitioned for the probate of the will of Mary McNeill, who died in Boone, Iowa, February 7, 1928. She left property valued at \$10,000 at Long Beach.

WILL HOLD HIM. R. E. Watson, charged with taking within the County Jail a revolver and cartridges, in order that F. J. Humely, a prisoner, might shoot a way to freedom, was brought before Justice Summerfield yesterday, and held in \$2000 bail for examination on Friday, the 22d inst. Dist. Atty. Fredericks took personal charge of the case. It was on his suggestion that the bail was fixed at the amount given. Watson was for a time last summer manager of a cheap theater in Long Beach.

BACK TO JAIL. Jacob Zimmerman, a junk dealer, charged with receiving stolen goods, for whose release his attorney had sworn out a writ of habeas corpus, was remanded to jail by Judge Wilbur, and the writ denied. Zimmerman was committed to jail by Police Justice Austin.

## OUT OF BUSINESS.

The Riverside Citrus Land Company has filed with the County Clerk its certificate showing the dissolution of the corporation. All debts have been paid, and its sole assets consist of 275 shares of stock of the Riverside Grove and Water Company.

WOMAN RELEASED. Marie Rios, convicted of introducing liquor to an Indian reservation several months ago, was released from the County Jail yesterday, upon her filing a pauper's certificate.

ALLEGED HEIR. Public Administrator Frank Bryson has received a letter from H. Hoffman, in Doersburg, Maryland, claiming to be a son of Edward L. Bouman, who was killed by a highwayman at Long Beach October 29, 1927. Hoffman claims to be worth about \$10,000. Administrator Bryson has been looking for relatives in America for some time.

COMBAT COURT RULING. San Pedro Trustees May Appeal Recent Decision on Question of Disincorporation to Supreme Court.

Although the Second District Court of Appeal issued a writ of mandate ordering the Trustees of San Pedro to call a special election forthwith, the writ does not become effective for sixty days. Attorney J. W. McKinley, of counsel for the Board of Trustees, is endeavoring to have the writ set aside, claiming to be a petition filed for rehearing, and intimating there are several ways in which to obtain a review of the action of the Appellate Court.

But unless its ruling is disturbed, the San Pedro Trustees will be compelled to call a special election to vote on the question of disincorporation for the northern portion of the city. It is the intention of residents of that section to later join Los Angeles and thus give this municipality a larger water frontage.

## GRUNTS HIS APPROVAL.

Marie Rios, a halfbreed, convicted of selling liquor to Indians, gave a grunt of approval, when released from the County Jail, yesterday, on pauper proceedings. She showed to the satisfaction of the Federal authorities that she was unable to pay the imposed fine, and her plea secured release. If subsequently detected illegally selling liquor, she will be liable to a severe sentence.

## CHAMBERLAIN'S COUGH REMEDY

A MEDICINE OF REAL WORTH AND MERIT.

## It Not Only Cures Colds and Grip,

## But Prevents Them From Resulting in Pneumonia.

Chamberlain's Cough Remedy is intended especially for acute throat and lung diseases, of which colds, croup and whooping cough are the most common. Those who have used it for years are in a position to know its real value, and that it is without an equal for the treatment of these diseases. It not only cures colds and grip, but counteracts any tendency toward pneumonia.

It has come into almost universal use as a preventive and cure for croup, and has never been known to fail.

In cases of whooping cough it keeps the paroxysms of coughing less frequent and less severe, preventing that disease of all dangerous consequences.

## It is pleasant to take, which is of much importance when the medicine must be given to small children.

## It contains no opium or other harmful substance, and may be given as confidently to a baby as to an adult.

It is an ideal remedy both for adults and children, and we think the most perfect and most effective yet produced in any country.

STICK TO WHEAT

Out and in foods are too heavy for this climate. They make the blood sluggish.

## Fox Brand Health Food

Is the one natural and appropriate breakfast food for Southern California. It is made from selected white wheat, rolled into light delicate flakes, which when cooked make the most tempting breakfast delight you ever tasted.

A treat too good for you to miss. Made and enjoyed in Los Angeles for a quarter of a century. Best process still in use.
